Glen Rock, NJ
2020–2026

Founder & Owner, Glen Rock (2020–2026)

Pet Care Services (2021–May 2026)

- Managed recurring services for more than 50 clients, generating \$360,000 in revenue, with a 70 percent repeat rate and 99 percent satisfaction while overseeing scheduling, operations, and service delivery for a team of five employees.
- Expanded service capacity and strengthened the referral network by placing clients with trusted dog walkers and independent contractors through a structured finder's fee system.
- Built brand awareness and grew recurring clients through targeted marketing on Rover, Instagram, Facebook, and local business card outreach.
- Delivered customized care for pets with mobility issues, anxiety, medical needs, or age-specific requirements while maintaining a 90 percent profit margin through streamlined operations and clear, friendly communication.

Interior Remodeling – Sprinter Van (2022–May 2026)

- Purchased and fully converted a 2005 Mercedes Sprinter into a functional mobile living space, leading design, budgeting, construction, installation, and final testing. Increased the vehicle's value from six thousand dollars to a projected thirty five thousand dollars, more than a 5x increase, by completing the build 20 percent under budget with custom cabinetry, full kitchen systems, electrical wiring, plumbing, sleeping space, and integrated entertainment features.
- Documented and actively marketed the entire build through my personal website and Facebook Marketplace, generating over 3,000 organic views and engagements and driving consistent buyer interest in the vehicle.

Crypto Asset Management (2020–May 2026)

- Grew a personal crypto position from \$200 to \$35,000 on a single long term investment using a research based, disciplined strategy, while managing broader portfolio allocation, risk assessment, and trade execution to achieve an average annual return of approximately 18 percent.
- Created a crypto education group of 10 people and provided wallet setup guidance and safe usage education for new crypto users, helping them navigate digital asset ownership and basic security practices with confidence.
